Monthly Increase Across all departments	**$**	**898.42**
Total % Decrease in Total Wages		**-30%**

The Town does not work the same as a business. There is a budgeted amount for the year for each budget line.

This is a limit to what can be earned and to what the cost is to the tax payer.

Example: 2022 The Town Clerk wage budget amount is $39,600 whether the hourly wage is $10 or $50, the $39,600 is the limit to what can be made.

In 2019 previous Clerk wage budget was 39,962 this was the cost to the taxpayer, $362 more than in 2022
