### **New Business**

Reviewed Facilities and Utilities section (pages 21-27), and Preservation section (pages 28-33). Discussed issues needing follow up for changes/updates which various members were assigned to follow up on and bring back to next meeting for draft of this section. Skipped over Education section until next time when we will bring annual school report and computers to meeting to gather updated information. Reviewed and discussed Energy section (pages 37-39) and various members are following up on various questions for updates/changes.

Julie- check in with Peter-kitchen upgrades, sewage/waste water updates or contacts to get this?

Kelly-check other town plans to see about wetlands and deer yard sections.

Raneë-solar updates

Carrie-second constable, rapid response plan in place, bulkie waste day?

### **Past Business**

Not really a part of the report, but had a bit more discussion on the swim lessons in Groton and Carrie updated on previous reasons it has been a challenge. Getting a licensed instructor can be challenging and it must be one to teach the lessons. Previously it was paid for through the Rec. Committee.

### **Notes/Topics of Ongoing Interest/Moving Forward**
