

November 14, 2014 Select Board Minutes, Special Meeting at North County Road (Approved)

Select Board: Gary Lamberton, Peter Lyon

Town Resident: Shawn Crown, Highway: Brent Smith, Phillip Palmer

The meeting started at 7:07 AM

Everyone walked the road from the tree farm down to the brook. It was noted that there is a problem with water washing out the road as it is lower than the banks on each side with no ditches and few outlets. It was agreed solutions included cutting back the bank in some areas and installing outlets in others to allow water to flow off the road. Shawn requested, and the Board supported, delivering a load of gravel to a location that had several boulders sticking up with Shawn agreeing to spread the material with his own equipment.

It was agreed by all that discussion should continue on next steps for the road as part of the upcoming budget process.

The meeting closed at 8:08 AM.

Gary Lamberton, Chair

Prepared by Peter Lyon
