

Town of Groton
Building Committee

August 26, 2014

Members present: Terry Dana, Mark Shallberg, Dave Sanville, Kitty Diggins.

Meeting opened at 7:03p.m.

Opened RFP from Matt Nunn for the painting of the Community Building roof. Mathew's proposal was for \$7,750.00. Before we present it to the Select board, Dave will check with Mathew as to what was included.

Mark reported that Nicki Crum, Nathan Puffer and he were going to meet on Labor Day to take pictures, and measurements of the ceiling and the roof so that Nicki could get a better idea of what needed to be done before we insulated or did anything else to the building.

Kitty will get the RFP's as soon as possible.

There was discussion as to what should be done to get rid of the sulphur odor. At this time it was felt that we should give the system a good purging. No final decision was made. The committee felt that we should definitely secure the filter to the wall.

Mark Shallberg spoke briefly on the new efficiency codes that are now in place. Kitty has books concerning residential codes and commercial codes. Anyone interested can stop in the Lister's office and pick one up.

Terry made the motion to adjourn and Dave seconded it. Meeting closed at 7:40p.m.

Respectfully submitted, Kitty Diggins
